U.S. COINS

- 1 **Colonial Coins. Massachusetts.** 1787. Ryder 1-D. Fine; slight sign of punching obv. r. field.
- 2 1788. Cent. R. 1-D. Fine.
- 3 **New Jersey.** 1788. Cent. Fine/Very Fine.
- 4 **Franklin Press "Cent."** 1794. Very Fine/Ex. Fine but with faint traces of red.
- 5 **Half Cents. 1794.** Gilbert-4(R-4). Fine; rev. damaged - a not deep gouge extends from center to edge at eight o'clock and another, only 3 mm., is below in branch; we note also several edge nicks. Despite the difficulties, a not unattractive coin and a **good example** of an early date.
- 6 **1795.** G-3(R-3). Lettered edge, punctuated date. Fine with obv. edge nick l. and dent above; HALF scratched out on rev., which is quite strong otherwise.
- 7 **1797.** G-4(R-2). 1 over 1. Obv. Fine but rev. legends half obliterated.
- 8 **1800.** G-1(R-2). Very Fine; minor obv. edge dents; signs of corrosion at date and on l. branch on reverse.
- 9 **1803.** G-2(R-1). Die break very clear on rev. Fine/Very Fine; again minor difficulties obv. and rev.; light obv. scratches.
- 10 **1804.** G-7(R-1). Spiked chin. Sharpness of Ex. Fine but rev. scratches and one small gouge are evident under a glass.
- 11 **1825.** G-2(R-4). Not quite Ex. Fine; under glass we see a very minor obv. edge dent and some tiny nicks - as well as some original color.
- 12 Similar to last but Very Fine, dark olive color; clean, save for a few infinitesimal pin-scratches.
- 13 **1826.** G-1(R-1). Very Good, reddish brown reverse color.
- 14 **1832.** G-1(R-1). Extremely Fine and very sharp, but in desperate need of a bath; uneven color and with slight verdigris on the obverse.
- 15 **1835.** G-1(R-1). Sharpness of Nearly Unc. with lustrous surfaces, but spotted on the obv.; the largest and most serious spot shows signs of corrosion.
- 16 **1851.** G-1(R-1). Not quite Unc. with considerable red; two dark spots obv., one in field at nose, the other, lighter, in the hair. A **superior** coin.
- 17 Similar to last but Very Fine, reddish brown color, olive on the rev., and obviously cleaned many years ago.
- 18 **1853.** G-1(R-1). Also Very Fine and cleaned, but lightly burnished (most noticeably at the left on the obverse).
- 19 **1856.** G-1(R-1). Sharp Extremely Fine or better; light uniform signs of corrosion; dark brown color and with a tiny mark behind the lower part of Liberty's hair.

- 20 1857. G-1(R-2). Very Fine.
- 21 **Large Cents. 1794.** Sheldon-22(R-1). Hays 43. Basically Very Fine-20 or better, but unevenly colored tan and olive and lightly burnished to minimize some old obv. pin-scratches. There are also some minor rim nicks and bruises on both sides. Hardly unattractive to the naked eye and the impairment will certainly go unmentioned when resold by dealers with today's standards!
- 22 1794. S-45(R-1). Hays 47. Fully Fine-15 or better in sharpness and evenly colored a dark olive, but there are two or three nasty rim bruises on either side. Fairly clean and more attractive than one might imagine.
- 23 1794. S-51(low R-5). Hays 10. Very Fine-20 sharpness; even tan coloring with bag-marked surfaces, but there are four small unattractive obv. spots of corrosion. Bold borders and probably improvable.
- 24 1794. S-62(high R-4). Hays 49. Very Good-8 or better, even dark olive color, and burnished lightly to minimize a roughened surface. Very scarce die.
- 25 1794. S-65(R-1). Hays 45. Extremely Fine-40 in sharpness, but rough and corroded, most seriously on the rev. Bold hair detail and left obv. rim, as usual. A very common variety of interest to the date or type collector.
- 26 **Small Cents. 1857.** A nice but "so-so" weakly struck Unc. which has "fly specks" and an infinitesimal amount of cabinet friction. Much better than it sounds but we would rather describe a piece as we see it and then have you pleasantly surprised on receipt.
- 27 1860. An Uncirculated coin!
- 28 1862. Uncirculated and an absolute **beauty!**
- 29 1863. Toned Unc.; minor nicks. Still nice enough to be considered "**Choice.**"
- 30 1870. Not quite Very Fine.
- 31 1874. Red Unc. starting to tone.
- 32 1875. Mottled but splendid red "Virgin" Proof.
- 33 1877. Good and with clear date; legend well worn at top.
- 34 1889. Attractive slightly toned Red Uncirculated.
- 35 1897. Red Uncirculated with same comment as last.
- 36 1909 "**S**". **Indian Head. Blazing red Uncirculated!** Need we say more?
- 37 1921 "**S**". Brown Nearly Uncirculated. Frankly, we believe quite a few people would grade this as "Unc." but we can't.
- 38 1931 "**S**". Toned slightly nicked red Uncirculated.
- 39 **Five Cents. Nickel. 1890.** Beautifully toned Uncirculated.
- 40 1896. Toned Proof; several very minor rev. field spots.
- 41 1931 "**S**". Choice Unc. with a slightly defective planchet (as made).
- 42 **Twenty Cents. 1875 "CC".** We call this coin Ex. Fine but others might think it better!
- 43 **Quarter Dollars. 1879.** Magnificently rainbow hued and toned **Proof.**
- 44 1893. Toned **Proof.** Beautiful!
- 45 1897. Somewhat dull Unc.; much mint lustre.
- 46 1916. Old type. Considerably toned Uncirculated.
- 47 1918 "**D**". Not quite Ex. Fine.
- 48 1932. Unc., just beginning to tone.

Lot No. 49

- 49 **1932 "D"**. Brilliant Uncirculated with signs of obv. and rev. toning. **Rare date! Plate**
- 50 **1937 "D"**. Uncirculated.
- 51 **1942 "S"**. Brilliant Uncirculated; recut "S".
- 52 **Half Dollars**. 1858 "O". Very Fine.
- 53 **1934**. Unc.; some cabinet friction.
- 54 **1939 "D"**. An oxidized Unc. from an original roll.
- 55 **Silver Dollars**. 1853. Sharpness of Ex. Fine but does have certain minor field nicks and edge defects.
- 56 **1881 "S"**. Pristine Uncirculated with a minimum of bag marks. 5 Pcs.
- 57 **1882 "S"**. Proof-like Uncirculated with usual bag marks. 5 Pcs.
- 58 **1892 "S"**. Very Good.
- 59 **1892 "O"**. Ex. Fine plus.
- 60 **1898**. Uncirculated (4), Nearly Uncirculated; usual bag marks. 5 Pcs.
- 61 **Trade Dollars**. **1878 "S"**. Brilliant Uncirculated, but "dipped" and lightly bag-marked. Still, there is plenty of original mint frost and the rev. is faintly reflective.
- 62 Similar to last but Very Fine and with several edge defects.
- 63 **1879**. Brilliant Proof, lightly hairlined from old cleaning; just beginning to acquire some light toning around the edges.
- 64 **1880**. Lightly toned and hairlined Proof, obv. displaying more brilliance than the reverse.
- 65 **1881**. Deeply toned blue-gray Proof; not without some faint hairlines, but far superior to the above 1879 and 1880 and a beautiful example which almost anyone else would classify as a "Gem."
- 66 **1883**. Partly brilliant, partly toned Proof, but hairlined and handled neither "too wisely nor too well"; odd tiny spot between the tenth and eleventh stars. Still, highly popular.
- 67 **Minor Proof Set**. **1873**. 1¢ - 3¢ Ni - 5¢. 3¢ is perfect; 5¢ and 1¢ slightly cloudy, the latter red. 3 Pcs.

How to Weigh

The Merits of an Auction Service

1. Check firm's reliability, reputation, and length of time in business. Refer to Dun & Bradstreet.
2. Investigate the terms and all charges. Ascertain the date of settlement.
3. Check insurance coverage.
4. Compare quality and amount of advertising.
5. Check location and facilities.
6. Determine the actual number of catalogues distributed, as well as the type of mailing list employed.

And

7. Decide if conscientious attributions and meticulous attention to detail really "sell" your coins.
8. Decide if an authoritative presentation and fine plates are to your advantage.
9. Consider the added advantages of combined floor and mail bidding.
10. Consistently compare results, not only in reference to a few key lots, but throughout an entire catalogue.
